Modular Pontoons

Jet Port Max

HEATHLAND GROUP LIMITED

Description;

The Jet Port Max responds to changing water levels allowing a dry and protected docking facility. Installation can be customised using available accessories in virtually any environment.

Key Features;

Easy entry and exit with V shaped design, heavy duty corrosion free rollers that will not scratch or scuff the jet skis hull, virtually maintenance free, UV stabilisers, sandblasted surface to provide slip resistance, convenient and comfortable system to drain away any water which accumulates on the product, extremely stable, easily connected to Rotodock or Sunnydock systems.

Model Specifications;

Lifting Capacity (kg)	Length (cm)	Width (cm)	Height (cm)	Weight (kg)
1340	386	196	38	230

Warranty;

This product is covered by a 5-year warranty. This may not include all components and accessories, please check with supplier. Any damage caused by poor maintenance, careless handling, misuse, abuse or extreme weather will not be covered under warranty. Modification or repair by an unauthorised repair facility will void the warranty.
